1. Introduction

- 1.1. Nottingham and Nottinghamshire Clinical Commissioning Group hereafter referred to as 'the CCG' recognises that from time to time workers may need to be engaged outside of the formal staffing structure to, for example, undertake work for short periods of time, to undertake occasional or ad-hoc duties, or to cover a vacancy in the structure for a limited period of time only.
- 1.2. This policy is designed to ensure that the CCG adopts good and consistent practice when engaging with staff on terms other than an employment contract.
- 1.3. Temporary staffing should not be viewed as a long term solution. Where managers have or are considering interim/temporary staff in roles that are likely to extend beyond three months, these should be considered for fixed term or permanent recruitment. Please contact the HR Team for further information.
- 1.4. For policy guidance on the recruitment and selection to permanent posts, please refer to the Recruitment and Selection policy.

2. Scope

- 2.1. The policy provides information and guidance for staff and managers regarding:
 - The processes to be followed for the engagement of interims, agency workers and off-payroll workers.
 - Ensuring compliance with HMRC rules and legislation covering the payment of temporary staff and workers including off-payroll workers, the self-employed and the involvement of intermediaries.

3. Identifying a Vacant Post

- 3.1. Before deciding to fill a vacancy and progressing it to the next stage of the recruitment process, there are a number of things to consider:
 - Can the work itself be eliminated?
 - Can the work be absorbed by re-organising existing resources?
 - Is there still a job to be done?
 - Is it the same job as was done previously?
 - Can skill mix be considered as an alternative?
 - Will the job be permanent or temporary?
 - Can the vacancy be covered with a temporary secondment?

- Is this one vacancy or can a single process be used to fill this and subsequent vacancies?
 - Are you recruiting solely to fill this particular post or are you looking for somebody with promotion potential?
- 3.2. Once it is clear that there is a vacancy, you will need to seek approval. For guidance on the vacancy control process, please refer to the Recruitment and Selection policy.
- 3.3. The process must be followed to obtain the relevant level of authorisation to recruit, and is applicable to both funded and unfunded positions, including the engagement of interims, the utilisation of agency workers or off-payroll workers.

4. Sourcing Temporary Staff

- 4.1. Temporary staff may be sourced through advert (e.g. via NHS Jobs), from employment agencies, or through networking/internal recommendation. Potential workers should in all cases be interviewed by an appropriate CCG manager before any agreements are entered into regarding their engagement for work, and proper assessment of their suitability (including checking of qualifications and relevant previous experience) must be undertaken.

5. Employment Check Standards

- 5.1. Regardless of the duration of the engagement, it is essential for the necessary NHS employment checks standards to be followed.
- 5.2. A CCG checklist is available at **Appendix A** to ensure that the checks have been undertaken.
- 5.3. Completed checklists should be issued to the HR Team via the HR Inbox - ncccg.hr.greaternottingham@nhs.net
- 5.4. Workers must not commence in a role or start work for the CCG without the above checks being undertaken and responses that are satisfactory to the CCG have been received.
- 5.5. Guidance from the HR Team should be sought should any questions regarding the eligibility or suitability of a proposed worker arise during the check process, in particular, where questions arise regarding right to work status, professional registration or their disclosure and barring service (DBS) information.

5.6. Reference should also be made to the Recruitment and Selection Policy.

6. Employment Status

6.1. Prior to commencing any work with the CCG, the employment status for tax purposes of a temporary worker and the work they will undertake must be determined by the CCG to ensure that it complies with HMRC rules regarding the payment of workers. Guidance should be sought from Head of HR at the earliest opportunity regarding this.

6.2. Under HMRC rules, the CCG as a public body, may face fines and penalties should it wrongly apply HMRC rules associated with the payment of workers.

6.3. The CCG anticipates that the majority of work undertaken will need to be paid through the PAYE payroll processes as opposed to by payment of invoice and with contracts for service.

7. Employment Agencies and Agency Worker Appointments

7.1. In certain circumstances the CCG may need to use the services of external recruitment agencies to provide short-term cover. Using agency staff can be costly and this must be considered carefully. Prior to approaching agencies, managers should establish the requirement for interim support and have the relevant approval.

7.2. On seeking an agency worker, the recruiting manager must ensure that the agency they approach is listed on the Non Clinical/Non-Medical approved framework, as off-framework arrangements will only be permitted in exceptional circumstances. Framework approved agencies have agreed to adopt contract terms that are acceptable to NHS organisations. Non-framework agencies are likely to charge higher commissions with less favourable contractual terms.

7.3. The CCG is required to comply with NHS rules in relation to price caps on agency rates as published by NHS England/Improvement. Managers must ensure that the agency will charge the CCG no more than the Agenda for Change maximum hourly charge amount (NHSI price caps rate) for the worker for the pay band of the role they are working in. Details of the rates can be found at **Appendix B** of this policy.

7.4. These price caps represent the maximum that the CCG's should pay and are not to be interpreted as the standard or default rates.

7.5. Breaches to the price caps will be reported to the Senior Leadership Team and are monitored by the CCG's Audit and Governance Committee. Further to this, any payments made in excess of the price caps have to be reported by the CCG to NHSE/I who scrutinise all breaches. NHSE/I reserves the right where they deem there to be disproportionate usage in excess of the price caps; to make rapid improvements to workforce management and to take regulatory action in response as appropriate. Details of the NHSE/I price caps information can be found here:

https://improvement.nhs.uk/documents/5424/Agency_rules_-_changes_for_2019.pdf

7.6. When contacting agencies the role requirements should be outline to include:

- The role details
- The banding
- The daily rate available
- The period to be covered
- A copy of the checklist to be completed by the agency.

7.7. The list of approved agencies that can be approached are on the Crown Commercial Services Framework which can be found online.

8. Employment Checks and Agencies

8.1. As identified in section 5, a completed temporary worker checklist must be received for all temporary workers before they are engaged for work by the CCG.

8.2. The responsibility to carry out identity checks for agency workers lies with the recruitment agency that provides the agency worker or interim, however, identification documentation should also be witnessed directly by the recruiting manager and/or HR either before, or on the agency worker's first day.

8.3. Agencies must provide recruiting managers and/or HR with written assurances that health checks have been undertaken as relevant to the role. Agencies need to provide information to the CCG in respect of any reasonable adjustments that may be required when engaging any agency worker or interim.

8.4. Registration details (where the position requires professional registration) must be carried out in the same way as for permanent staff. The recruitment agency will monitor the professional registration of its agency staff, but CCG managers

in conjunction with HR should check prior to the agency worker starting that the registration meets the requirements of the position. In all cases, registration checks should be undertaken against the online register of the relevant professional body and details of the check should be confirmed and retained on file.

- 8.5. If working in a role that requires a disclosure and barring service (DBS) check, agency staff, locums and independent contractors will be required to provide evidence of a recent (within one year) DBS check before work commences. When employed through an agency, the recruiting manager will request evidence from the agency for a manager's responsibility to ensure that a worker has a valid DBS check in place before they commence work for the CCG. Evidence should be confirmed to the HR Team.

9. Temporary Agency Worker to Fixed Term or Permanent Employee Process

- 9.1. Agencies are entitled to charge the CCG a fee in certain circumstances where the CCG go on to appoint an agency worker onto an employment contract. Details of when this will apply and information regarding the fee must be described in the contract with the agency.
- 9.2. Agencies may agree to waive the fee in some circumstances, for example where it is agreed by the CCG to engage the agency worker via the agency for a specified period of time or to provide the agency with a specified notice period during which the worker will remain engaged by the CCG through the agency before being moved onto a CCG employment contract.
- 9.3. Prior to moving an agency worker onto an employment contract with the CCG, the normal CCG appointment process must be applied, i.e. the vacancy must be advertised and available to staff to apply for and the agency worker must then be the preferred candidate following the completion of the recruitment selection (interview) process. The appointment and checklist process for the appointment of staff as set out in the CCG's Recruitment and Selection Policy must be undertaken prior to the worker moving on to a CCG contract.

10. Engagement of off-Payroll Workers and Contract for Service

- 10.1. In line with current HMRC rules, the CCG expects to pay the majority of its workers via on-payroll arrangements and with contracts for service. In certain circumstances, HMRC rules may allow off-payroll arrangements to be entered into with certain workers and for certain work.

- 10.2. The number of cases where off-payroll arrangements will apply are expected to be minimal. HR guidance must be sought in all cases before any off-payroll agreements are made. Senior HR staff will review on a case-by-case basis the circumstances in accordance with HMRC guidance tools and rules. Instances of proposed off-payroll working will be reported to the Senior Leadership Team (SLT) for approval and the numbers and details of the work will be monitored by the Audit and Governance Committee.
- 10.3. As a public body the CCG must ensure it follows and applies HMRC rules regarding the correct and proper payment of workers otherwise it risks receiving fines.
- 10.4. Any invoices received by the CCG for work undertaken where VCF approval for off-payroll working has not been given, will not be taken forward for payment.

11. Equality and Diversity Statement

- 11.1. The Nottingham and Nottinghamshire CCG pays due regard to the requirements of the Public Sector Equality Duty (PSED) of the Equality Act 2010 in policy development and implementation, both as a commissioner and as an employer.
- 11.2. As a commissioning organisation, we are committed to ensuring our activities do not unlawfully discriminate on the grounds of any of the protected characteristics defined by the Equality Act, which are age, disability, gender re-assignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.
- 11.3. We are committed to ensuring that our commissioning activities also consider the disadvantages that some people in our diverse population experience when accessing health services. Such disadvantaged groups include people experiencing economic and social deprivation, carers, refugees and asylum seekers, people who are homeless, workers in stigmatised occupations, people who are geographically isolated, gypsies, roma and travellers.
- 11.4. As an employer, we are committed to promoting equality of opportunity in recruitment, training and career progression and to valuing and increasing diversity within our workforce.
- 11.5. To help ensure that these commitments are embedded in our day-to-day working practices, an Equality Impact Assessment has been completed for, and is attached to, this policy.

12. Interaction with other Policies

12.1 This policy interacts with the following CCG policy:

- Recruitment and Selection Policy.

13. Communication, Monitoring and Review

13.1 The HR Team will share this policy via the normal staff communication channels and will ensure that it is highlighted to those individuals in posts who require registration.

13.2 Any individual who has queries regarding the content of this policy, or has difficulty understanding how this policy relates to their role, should contact the HR department via email ncccg.hr.greaternottingham@nhs.net

Appendix C: Equality Impact Assessment

Date of assessment:	March 2020			
For the policy, and its implementation, please answer the questions against each of the protected characteristic and inclusion health groups:	Has the risk of any potential adverse impact on people in this protected characteristic group been identified, such as barriers to access or inequality of opportunity?	If yes, are there any mechanisms already in place to mitigate the adverse impacts identified?	Are there any remaining adverse impacts that need to be addressed? If so, please state any mitigating actions planned.	Are there any positive impacts identified for people within this protected characteristic group? If yes, please briefly describe.

Pregnancy and maternity⁵	No	N/A	N/A	N/A

¹ A person belonging to a particular age (for example 32 year olds) or range of ages (for example 18 to 30 year olds).

² A person has a disability if she or he has a physical or mental impairment which has a substantial and long-term adverse effect on that person's ability to carry out normal day-to-day activities.

Same-sex couples can also have their relationships legally recognised as 'civil partnerships'.
